**B1. REVIEW OF PERFORMANCE**

The Group recorded revenue of approximately RM395.2 million and loss before taxation ("LBT") of RM31.8 million for the 3rd quarter ended 30 June 2011. The revenue was lower by about 17.8% as compared to the corresponding quarterly figures due to the lower average selling price (ASP), lesser volume of shipments and depreciating USD against Ringgit.

The Group incurred a gross loss before taxation due to higher raw material prices, inventory provision resulting from depreciating USD and slow moving stocks. In addition, shortage of workforces affected the production output and increased the cost of the direct labour.

**B2. COMPARISON WITH PRECEDING QUARTER'S RESULTS**

The Group recorded revenue of approximately RM395.2 million and LBT of RM31.8 million for the reporting quarter. In the preceding quarter ended 31 March 2011, the Group recorded a turnover of RM397.4 million and profit before taxation (PBT) of RM12.5 million. The Group's turnover decreased by approximately 0.6% due mainly to decrease in ASP and unfavourable exchange differences as the Group's turnover was majority billed in USD.

Increase in raw material prices, shortage of workers and depreciating USD resulting in inventory provision (i.e. net realisable value was lower) contributed to the increase in the cost of production in the current quarter.

**B3. FUTURE PROSPECT**

The sovereign country debt problems in Europe and USA may slow down the global economic recovery. The demand for HDD is also affected by media tablets. Nevertheless the global demand for storage capacity is increasing due to demand from cloud service providers, data centres and other network content providers. The Group will continue to intensify its efforts to improve operational efficiency and cost management.

**B4. VARIANCE FROM PROFIT FORECAST**

Not applicable as the Group has not issued any profit forecast.

**B5. TAXATION**

Domestic current income tax is calculated at the statutory tax rate of 25% (2010: 25%) of the estimated assessable profit for the year. Taxation for other jurisdictions is calculated at the rates prevailing in the respective jurisdictions. Certain subsidiaries of the Group enjoy tax exemptions from the relevant authorities on their business income for current and future periods. The computation of deferred tax as at 30 September 2010 has reflected the effects of such exemptions.

**B10. OFF BALANCE SHEET FINANCIAL INSTRUMENTS**

The Group does not have any off balance sheet financial instruments.

**B11. MATERIAL LITIGATION**

A subsidiary of the Company, JCY HDD Technology Sdn. Bhd. (JCY HDD), has received letters dated 14 December 2009 from Tenaga Nasional Berhad ("TNB") claiming for additional electricity charges of approximately RM8.36 million. The additional electricity charges were in respect of the electricity charges supposedly undercharged by TNB for the period from September 2007 to November 2009 due to the incorrect meter reading from electricity meters that were either defective or tampered.

JCY HDD had disputed the claims and had discussed with TNB as to their basis and quantification of the additional electricity charges. JCY HDD had on 14 June 2010 met TNB directors to discuss on the matter and had on 28 June 2010 provided TNB with the third party audited production reports as requested by TNB. TNB has reverted with claim of approximately RM8 million on 11 January 2011. However, JCY disagrees with the claim and has engaged legal counsel to challenge the claim and seek independent court assessment of the claim.

The Writ of Summons and Statement of Claim dated 23 February 2011 was served on JCY HDD by TNB claiming for the additional electricity charges in respect of the electricity charges supposedly undercharged by TNB for the period from September 2007 to November 2009 due to the incorrect meter reading from electricity meters that were either defective or tampered. The Company had sought for solicitor's advise on the necessary course of action to be taken in relation to the aforesaid Writ of Summons. The Company had filed into court its Defence and Counter-Claim on 29 April 2011. On 19 August 2011, a mediation process that was arranged by the Court took place at Penang High Court between the Company and TNB's representatives. There was no settlement reached and TNB requested the Company to raise the amount it had offered. The Court has fixed trial dates on 27 and 28 October 2011.

There will be no significant financial impact arising from the Writ of Summons and Statement of Claim served of JCY HDD as the major shareholder has undertaken that they would make good to the amount claimed by TNB.
